

Overnight Campout for Jr. High & Sr. High Campers

One aspect of the **Intermediate Camp** and **High Adventure Camp** is an **overnight camping trip** away from the main camp. You will hike out with your cabin group (at times, also with another cabin group), carrying your bedding and necessary supplies. While you are out, you will be preparing 3 meals. You return to camp the next day by lunch time. Overnight groups may be between 30 minutes to 4 hours from the main site. You will decide your destination with your cabin group.

The camp **provides backpacks**, although campers are invited to bring their own if they so wish to.

If you own a **sleeping pad**, it would be a good idea to bring one along. The camp does own many, so it is not necessary to purchase one.

Be sure your **sleeping bag** is one that can be packed into or strapped onto a backpack for the overnight.
